

m3 corpus

Meticulously engineered to help you maintain better positioning, feel more secure and reduce driving fatigue so you can conquer daily activities with ease. The compact base of the M3 offers maneuverability in tight spaces without sacrificing performance. Featuring the innovative FlexLink suspension geometry with independent caster swing-arms helping to keep you stable and in control as you traverse the obstacles in your world. A perfect Indoor/outdoor powerchair example!

more adventure

The new Permobil battery and VoltPro charger work together to provide you with up to 25% greater driving distance, reduced charging times and longer battery life. Use the MyPermobil app to get even more from every adventure with seat activity tracking, battery range estimates and an integrated map.

more freedom

Corpus®, our most capable power wheelchair seating system, now provides you with even more positioning options. Enhanced stability on the new M-Series enables you to optimize your repositioning, functional reach and power drive positions for even greater freedom of movement.

reach for more

12" ActiveHeight and up to 20 degrees ActiveReach combine seamlessly to give you the ultimate advantage in accessing your environment. Seat elevation with integrated forward tilt creates the most innovative, functional and stable seating solution on the market today.

conquer more

FlexLink suspension balances stability, traction and ride comfort for optimal performance and advanced vibration reduction. Factory optimized and adjustable suspension adapts to your needs and environment for the ultimate indoor/outdoor powerchair experience.

more visible

Prepare to make a statement with a fresh new aesthetic, expanded color choices and 2x brighter LED lights providing true pathway lighting to guide your way. New high-powered LED lights now offered at no charge when ordered with Corpus 4 power function configurations.

bodilink® on corpus seating system

Specially designed for the Corpus seating system, Bodilink accessories are best-in-class hardware. Offering true anatomical support with the highest level of adjustability and comfort to meet your individual positioning needs.
